BUILDS 26 & 27 WELL UNDER WAY

The Rhinelander build (26), a joint effort between the Rhinelander High School Building Trades and local volunteers is shaping up. Exterior walls are built and in place, and trusses will be flying soon. Church Mutual recently helped make great progress at the site.

The St Germain build (27) is almost fully enclosed, interior walls are built, soffit and fascia is up and subcontractors will be beginning their work soon.

Help us build a home in your community! Use the QR code in the lower right corner to enter the volunteer portal. Someone will contact you with volunteer days and details.

Coolidge Avenue, Rhinelander

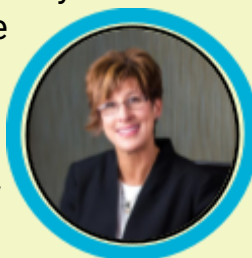

Hemlock Lane, St Germain

Meet Our Board Members

Name: Pam Bishop **BOD Position:** Secretary
Lives in: Rhinelander **Works at:** Heck Capital Advisors

I became involved: as a Board Member for Habitat for Humanity because I believe in their vision of a World where everyone has a decent place to live. I wanted to make a difference in our community by helping others, and giving families the independence and stability they need to succeed through Habitat was the perfect fit. Watching the partner families move into their new homes has been as rewarding for me as it has been for them.

“Home is the nicest word there is” ~ Laura Ingalls Wilder

Ann Sorensen hands over the keys to Becky

DEDICATION FOR BUILD 25

On September 27th, another partner family received the keys to their new home. Becky spent many hours building alongside volunteers and learned many helpful things on her journey to home ownership. She is excited to settle in and make her first mortgage payment for her very own home.

**Hoeft-y Helping Hands**

Tim Hoeft is new to Habitat for Humanity Northwoods Wisconsin, but not new to Habitat for Humanity. He worked on builds with George W Bush in Florida, and in Mexico with Jimmy and Roselyn Carter. He was also involved in builds in Maryland, and Milwaukee, Wisconsin.

Tim plays a major role at Build 27 in St Germain, and has involved many family members and friends. He enjoys teaching his grandson building skills and seeing him learn and progress in his understanding of building practices.

every one

deserves a decent place to live.

Year-end Giving

Many have asked how they can give locally to Habitat Northwoods Wisconsin, where you know it will help people right here in Oneida and Vilas Counties.

Here are two options:

1. Use the QR code below to connect directly to our donation page
2. Click on [this link](#) to reach the donation page of our website.

If you would like to speak with someone in person, please call 715.420.0412. Our Executive Director, Dave Havel would be happy to discuss giving options with you.

Our Aspirational Goals - Update

by Kay Anderson, Board of Directors, President

In 2023-24, the Board of Directors completed a 4-year strategic plan. We defined our three key service areas as Eagle River, Rhinelander, Woodruff and their surrounding communities.

Our aspirational goals include:

- Build 4 houses per year - We currently have 2 homes in progress
- Complete 5 repair projects in each of our service areas - in FY24 we completed 9 projects serving 11 people
- Create Community Committees in each of our service areas - we are looking for community volunteers

Do you have a family member or friend that has talents in the areas of construction, family support, public relations, resource development, or volunteer organization, or gathering volunteer build teams? If you or someone you know, are interested in helping in any of these areas, use the QR code on page 1 to volunteer, or contact our Executive Director, Dave Havel at dave.havel@habitatnorthwoods.org or at 715.490.0412.
